United in a Common Cause

Serving the Stateline Area for Over 30 Years

BROTHERHOOD

Try-Beta members enjoy social activities such as attending ball games, golf outings, fishing trips, plant tours and listening to interesting guest speakers.

The Try-Beta Club was founded in 1977 and is a 501 (c)3 corporation in good standing under the laws of the state of Illinois.

BUSINESS

Try-Beta members are encouraged, all things being equal, to conduct business with fellow members and to support local stateline businesses through loyal patronage.

BENEVOLENCE

Try-Beta has an affection for giving to organizations that focus on youth, the hungry, the needy, and the physically and mentally challenged. Money is raised through annual fundraisers such as our Annual Mother's Day Plant Sale.

Try-Beta is proud of the fact that every dollar raised, in excess of our costs, is returned to worthy stateline organizations.

The purpose and objective of Try-Beta is to take an active interest in the civic, cultural, social and moral welfare of the community, as well as to unite the members in the bonds of friendship, good fellowship and mutual understanding.

Most importantly, Try-Beta strives to encourage service-minded men to serve their community without personal financial reward, and to promote efficiency and high ethical standards in commerce, industry, professions, public works and private endeavors.

With these purposes and objectives, Try-Beta members raise funds each year to be distributed to worthy organizations in the stateline area.
